Dear Dr Herman,

Yvonne Xian-han Huang, Associate Editor for **Cogent** Education, would like to invite you to review a manuscript entitled "Planning Strategy for School Culture Through Extracurriculars in Forming the Disciplinary Character of State Vocational High School Students of Sangatta Indonesia". This involves completing a scorecard and submitting your recommendation, with the entire process conducted via an easy online system.

Please note that from December 2022, **Cogent** Education has followed a double anonymous peer review policy. This means author's names are not visible to reviewers. Submissions received before December 2022 will still be formatted in a single anonymous way, meaning that author names are present in the file.

All agreed reviewers must have expertise in the topic of the manuscript and have no conflict of interest preventing them from providing an unbiased view. For more information about our criteria for publication, expectations of reviewers and our review process please visit the website at <https://www.cogentoa.com/reviewers>.

If you have reviewed a previous version of this manuscript, please note that you should be primarily assessing the revision based on whether authors have successfully made the requested amendments, rather than identifying new issues.

Please find the abstract for the manuscript below for your information. The full paper will be available to read on the online system if you accept the invitation.

Although the research results in various countries report that strengthening the value of disciplinary character is very important, Indonesia still needs to catch up to Japan, Korea, and Thailand. Research objective: to describe the strategy of planning school culture through extracurriculars in forming the disciplinary character of State Vocational High School students in Sangatta, Indonesia. The case study method was used to collect data from fifteen participants. In-depth interviews, observations, documentation, and field notes were used to collect participant data. Interview data were analyzed thematically and interpretatively. The study's findings reported that: the strategy of planning school culture through extracurriculars in forming the disciplinary character of State Vocational High School students in Sangatta, Indonesia, was

The case study method was used to collect data from fifteen participants. In-depth interviews, observations, documentation, and field notes were used to collect participant data. Interview data were analyzed thematically and interpretatively. The study's findings reported that the strategy of planning school culture through extracurriculars in forming the disciplinary character of State Vocational High School students in Sangatta, Indonesia, was carried out well. The planning strategy is carried out through the following stages: compiling programs, compiling work plans and school budgets, compiling extracurricular activity schedules, and compiling extracurricular activity guidelines.
