Dear Mr Herman,

Thank you very much for submitting your manuscript to our scholarly journal, *English Review: Journal of English Education* (ERJEE), which is indexed and abstracted in DOAJ (green thick), Sinta 2, Crossref, etc.

Our reviewers have reviewed and decided to accept and publish your manuscript in ERJEE Volume 10, Issue 3, October 2022. We will notify you after the issue has been published.

However, there is a major revision that has to be done soon. The following are suggestions of our two reviewers.

Reviewer 1:

1. In the Introduction section, it should contain STATE OF THE ART (the latest development in the research topic), RESEARCH GAP, NOVELTY and BURNING ISSUE.
2. Reformulate your title which reflects your research findings.
3. The number of recent references (last 5 years) must be at least 30 references. We will reject manuscripts with less than 30 references and 80 percent of the references are scientific journals.
4. In the section of Results and Discussion, I suggest you make a matrix(s) and/or an axial coding(s) as one of the "powers" of qualitative research design. By doing that, your research findings will be more powerful.

Reviewer 2:

1. Please consistently observe the citation format of APA 6th edition
2. In Introduction, state explicitly "Why is this study important to be investigated?"

Reviewer 2:

1. Please consistently observe the citation format of APA 6th edition
2. In Introduction, state explicitly "Why is this study important to be investigated?"
3. Your findings need more elaboration.
4. Make sure your manuscript has no grammar mistakes.
5. We recommend that all quotes are paraphrased using your own words to avoid plagiarism.

Please revise all of the suggested parts of reviewers, and send it to us soon (7 days from the issue of this letter).

Thank you,

Best regards,

***Dr. Fahrus Zaman Fadhlly, M.Pd.***
